### Who will pay Road **Board legal costs?**

by Cheryll Ruley Staff Writer

Crawford County District 2 Commissioner Scott Hanson recently posed the question: Can the Road Commissioners use public funds to pay for their legal defense counsel in regards to the December 7 hearing concerning allegations of violations of the Opening Meetings Act?

Hanson asked the question during the regular meeting of the County Board on October 20, and then again at a special meeting held October 25, in the presence of County Prosecutor John Huss.

Commissioner Hanson said he is concerned about taxpayers' dollars being spent on the defense of Road Commission Board Chair Raymond Swiercz and Vice Chair Robert Nelson in proceedings that may result in their removal from their appointed positions by the County

After some research, Hanson advised the Board and Prosecutor of a 1953 decision made by then Michigan Attorney General Frank G. Millard found in the Report of the Attorney General - 1954, page 254-255, No. 1666,

At that time, Roscommon County

Prosecuting Attorney Van H. Ring requested the following opinion of Millard when that county wished to remove road commissioners from office: "May the board of county road commissioners use public funds to pay the expense of the employment of counsel to defend the members in such removal proceedings?

Millard replied, "the statute vests in the (road) board the authority: 'Said board may also engage such other professional and consultant services as it deems necessary to carry out the provisions of this act and promote efficiency and economy in the operation of the county road system. Said board may also employ such other servants and laborers as may be necessary,...' Sec. 224.10; C.L.1948; § 9.1110, M.S.A.S.

"This language has been construed as authorizing the board to employ the services of a private attorney. O.A.G. 1945-1946, page

Millard goes on to state an attorney may only be employed to carry

### Y2K bug won't affect Mercy patient care

Robert J. Ruddy

by Daniel DeCapua **Capital News Service** 

When the clock strikes midnight on December 31, patients at Grayling Mercy Hospital won't have to worry about Year 2000 computer problems, thanks to nearly three years of preparation, hospital officials say.

"The driving force behind this massive project has been to ensure that patient care is not compromised," said Jeff Martin, the hospital's Y2K project director.

Diane Friedriechsen, of the marketing and communications department, said she also believes the hospital is prepared and applauds the team effort. "It's been a huge team effort where all of our staff has really pitched in. We're ready to go. We've checked over 3,000 pieces of equipment and only one of them, which is not vital to patient care, isn't set."

An important part of their preparation has been making sure other organizations are also ready, said Debra Anthony Larson, director of quality management. "This contingency plan is to ensure not everyone rushes to the hospital if something goes wrong. We've worked with nursing homes and other organizations to make sure they're prepared."

The hospital worked closely with community groups in Grayling and even has back-up plans to the backup plans. Larson said, "If we lose power, we have generators. If we lose those, we have back-up generators. The same goes for food, water and medication. We've ordered additional medication that we'll have in stock. We're definitely prepared for any type of event that could occur."

Larson said many employees will be on stand-by in case of emergen-

The hospital will keep busy in the next few months leading up to the new year, Martin said. "We think we're in good shape, but we'll continue looking and double checking over equipment along with finalizing our contingency plans."

Martin said he believes the project has been well worth the time spent even if nothing occurs because it's helped to shore up the hospital's disaster plans in case something happens after January 1

### Fire safety taught to area school kids

#### But, lesson is for everyone

By Cheryll Ruley **Staff Writer** 

During the month of October, Fire Prevention Month, area fire departments presented fire safety programs to students in the ly. Crawford AuSable and Gerrish-Higgins school districts.

Through the use of videos and a new Fire Safety House, built and donated by the Zonta Club of Alpena, fire officials from Beaver Creek, Frederic, Grayling and Gerrish Townships instructed around 800 kids about the importance of a family escape plan and a working smoke alarm.

After a 30-minute presentation, students were taken through the Fire Safety House which is equipped with two types of operating smoke detectors. One type is the kind found in the typical home, the other has red flashing lights and is used by the deaf or hearing impaired.

The house is also outfitted with three types of standard windows and are used to show the kids how to operate them in case they must use a window for an alternate

"It's phenomenal what this does for kids," said Beaver Creek Township Fire Chief Ed Holtcamp. "This house actually lets them see what it's like to escape a smoke filled house. They have to use their heads to keep from panicking."

Holtcamp said there have been 99 structure fires in Michigan this year through the month of August. Of those fires, 31 children in the birth to nine years age group died as a result. The fire chief also said in those 99 structure fires, 57 of the buildings had no smoke detector.

Even more alarming was the statistic that 20 of the 42 homes were found to have non-operational smoke detectors. "In those cases, the batteries were dead or they had been removed to be used in toys. If a kid dies, you don't need the toys anymore, do you?" remarked Holtcamp. "You know, there were 16 fires in August in Michigan. Only three buildings had smoke detectors... none of them worked."

Holtcamp said 35-45 people will

### Democrats' caucus struggle may bear fruit

MICHIGAN DEMOCRATS' losing attempt to move their 2000 presidential caucus ahead on the calendar appears over for

But the losing effort for 2000 could help a broader struggle for 2004 -- namely, to make more sense out of the present inane mix of party caucuses, conventions and primaries to choose presidential candidates.

Political eves focus on New Hampshire and Iowa when a presidential election year rolls around.

New Hampshire owns the time-honored role as first presidential primary in the nation, probably next year on February 1.

Iowa plans party caucuses, probably on January 24, 2000, to pick presidential delegates.

These two small, non-typical states have become a vital indicator of who will win and who won't among presidential candidates.

Thus they can shape American political events out of all proportion to their size. number of voters involved, and importance

of the events themselves.

It simply is not a sane way to pick presidential nominees. It's not fair either. But that's the way it is.

MICHIGAN DEMOCRATS sought to move their caucus into February so they could be a more meaningful part of the

The national party said "no" and turned down South Carolina, Arizona and Washington state for February dates, too.

So Michigan Democrats will hold caucuses March 11, three weeks earlier than last time, but further back in the nominating procedure than they wanted.

Michigan Republicans also crave more early influence in picking a president. Not needing national party approval, the GOP controlled legislature moved the Republican primary from mid-March to February 22,

Michigan politicians are not alone chafing under the lowa-New Hampshire hammer-

lock on early politics. Louisiana Republicans may think they have a right to move ahead.

"Do they (Iowa officials) think they're going to be first forever?" asked Louisiana GOP chair Mike Francis. "That's un-American.'

New Hampshire lawmakers have their own solution: A law permitting New Hampshire to move its primary to any time, just so it stays ahead of any other state.

LEGITIMATE QUESTIONS remain about the primary-caucus system for selecting presidential nominees.

Primaries may have outlived their usefulness as a reflective political exercise, and become merely an extension of the imagemaking power of modern methods of communication and mass persuasion.

Personal campaigning -- the heartbeat of the primary voting system -- may be outdat-

"The problem is that the electronic media

Harpootlian, South Carolina Democratic

"Going from state to state and showing the flag is getting irrelevant. The candidates can appear on a national news program and voters get to know them better than going to the fish fry."

That's why we are inundated with political ads on television, and that's where most campaign money goes. A 30-second TV spot gets a candidate into more homes than weeks of knocking on doors.

BUT THE PRIMARY system probably is here to stay -- at least for now.

The only other method that comes quickly to mind is a return to the so-called smokefilled rooms of old-time political conventions, which might not be too popular these days in light of today's concern about political purity.

Still, who's to say presidents produced by the primary-caucus system are any better

dominate this process," claims Dick than those who emerged from smoke-filled rooms?

Michigan Democrats and others who challenged the early season domination by Iowa and New Hampshire are on the right track. Keeping at it may instill a bit more reason and fairness in the system.

This continuing struggle could result in a system of rotating regional primaries, to allow a different region to lead off the process each four year. It could restore comparable worth to voters from all the

Spreading out the primaries, with a reasonable time lapse between them, also could permit more logical consideration of candidates and their platforms.

Agitation for change is welcome. But the rotating regional primary system makes so much sense it probably will never happen.

### Teacher wants to teach kids the desire to learn

To the editor.

I am a Detroit Public School teacher. I was on my way to school when I heard the news: The Detroit Public School teachers have decided

As a high school teacher, I just hoped we had a very good reason for doing so. It had to be good enough to overcome the resentment my students would feel toward me because of striking. The students tend to perceive the teachers NOT going to school as not caring about our students: we only care about our pay-

I immediately set out to find out the "issues" that warranted a strike. I only hoped they had something to do with school reform. After all, this was a three-year contract being

money last time and our students are still failing and dropping out in record numbers. Surely we wouldn't settle for more money again. Or, would we?

Sometimes (oftentimes), removing yourself from a situation is the best way to effectively study the situation. I knew I did not want to quit: The kids would think I was quitting on them. Instead, I made a picket sign: "FIRE ME... MY STU-DENTS AREN'T LEARNING ANYWAY." It caught the attention of a few people passing by the school's Center Building.

To my amazement, one lady yelled out her car window, "Get back in the classroom!" Do I need to point out the irony in that? Needless to say, the sign did not get negotiated. We settled for more me fired. (Not even reprimanded.)

If not quit and not fired, then what? The strike settled before I had

decided, so I chose not to report to my school. I needed more time to figure out what to do. Yes, sometimes it takes time to arrive at a solution (answer) to a problem.

By the way, I taught mathematics. I remember making a picket sign asking something like, "How are our" students supposed to learn math without analysis?" I don't recall exactly what it said, but I know who I gave it to. I gave it to a deaf boy who wanted to learn math a few

Guess what? I was able to teach him. In fact, I've never been much of a teacher. But, give me a child who wants to learn and I can usually help them learn.

Does that mean children in Detroit don't want to learn? I'm not

on the first day of school. The rip ple effect of all the students walking to school with the fear they will be next must be tremendous.

I did not mention that I had also made a picket sign that said, "Give my contract to a Detroit cop." As far as I'm concerned, if the teachers really cared about the children, we should have held out until the Detroit Police got a contract. Maybe then, our kids can quit thinking about how to survive at the expense of thinking about graduating. Maybe if we waited for the police to get a contract, we could get additional officers hired to patrol the areas around our schools.

Maybe if we did those things, our children could arrive at school ready to learn mathematics. As it is now, if my students don't want to learn math, I don't blame them.

As such, I have decided I am no longer going to add stress to their lives by trying to teach it. If not in Detroit, then not anywhere. As soon as I have the money, I will be open-I am sure, however, of the following The Odyssey Academy where I ing: An Osborn student was raped can teach children to want to learn.

#### Check counselors' credentials before receiving treatment

when we need help. These are difficult times for many with stress coming from many places that impact us. We may experience depression, anxiety, difficulty parenting our children, problems at work, stress about the upcoming holidays, or any combination of these things.

For some, the use or abuse of alcohol or other drugs may provide temporary relief, only to find that the use of these substances causes further problems. This downhill spiral can cause further confusion, depression, legal troubles, problems on the job or in school, or problems in our families. When these problems become overwhelming, we may find ourselves in need of coun-

Turning to professional help may seem like a weakness, but in fact, it takes courage and strength to be willing to tackle one's problems with the aid of a counselor. sary credential. If a counselor does Unfortunately, however, there are not have a professional credential, few choices for counseling in this area. A quick look through the Yellow Pages shows that there are not many options for help. In addition, even if a counselor or counseling agency is found, there is little information to judge whether the help will truly be helpful.

As we enter November, "Depression Awareness Month." there are several key points to be made when choosing a counselor that every person should know. After all, you or a loved one may be depending on quality counseling to help deal with important life issues. You deserve to make an informed choice.

First, a counselor or counseling agency should be licensed. It is perfectly appropriate to ask whether the agency is licensed, by whom, how long they have been licensed, and when the license expires. Most often, the license is displayed on a wall so you can see for yourself. Most agencies that provide counseling are required by the State to a have a license. Having a license means that the counselor or agency meets certain standards set by the State. These standards include ways of protecting the client's rights and confidentiality, as well as basic components of quality care. If a counselor or agency is not licensed, the consumer may want to find another place to get the help they need.

Second, does the counselor (or counselors) have the training and credentials for the type of counsel-

There are times in all our lives ing needed? All counselors and therapists are required to have credentials for the job they are doing.

> It may come as a shock to learn that there may be persons in Crawford County who are providing counseling that have no credentials or professional training in their field. Just because a person claims to be a counselor or advertises counseling does not mean they are qualified. The analogy I often use is this: 'justbecause I have a drill, this does not make me a dentist - even if I advertise myself as one or because someone may let me use it in their mouth (which fortunately, nobody has so

> The wise consumer will ask what credentials a therapist has, which again are often publicly displayed. If the counselor or therapist does not have a current credential, they must be supervised by an experienced therapist who does have the necesthen ask who their supervisor is and how long he/she has been in practice. It will probably do little good to go to a counselor who does not have a professional credential or who is not supervised.

Third, is the organization accredited? Just as schools are required to be accredited, counseling agencies should as well. Accredited counseling organizations meet national standards for quality care. Most insurance plans, as well as the state and federal government will not pay for counseling from a place that is not accredited. Being accredited is much more difficult than getting a license for counseling, and those that are accredited are much more likely to provide the care that you, the consumer, want. Again, the accreditation certificate should be displayed openly for you to see.

These are the basics for finding out if a counselor, therapist, or agency can help you or a loved one. It is very appropriate to ask if the counselor or agency has a license, if the counselors have credentials or are supervised by someone who does, and if the organization is accredited.

Going to counseling is difficult. It takes time, energy, and money. The potential client would be well advised to ask about these issues before counseling begins. Jeffery Hawkins is the Director of

G.R.A.C.E. Center, a state-licensed, CARF accredited, substance abuse counseling agency in Grayling.

### Halloween spirit brings back memories

This is in response to the Letters to the Editor of the October 28th issue of the Avalanche. I cannot believe so many people actually took Mike Shearer's announcement seriously.

First of all, the Avalanche would not publish it without being absolutely sure that it was a joke being done in the Halloween spirit and not to be taken seriously. They would also require a name and phone number of the person placing

Second, his announcement is kind of the same as going to a haunted house sponsored by a local Jaycees

or Rotary group and reading a sign before entering that makes statements about horrible things that could happen to one inside.

Third, I really don't think anyone would advertise where they live if they meant to do harm to children.

In my opinion, Mike Shearer has captured the Halloween spirit that I remember while growing up. Halloween was a night where one wanted to be scared because it was fun. It was what Halloween was all about. I do not see much of that

> Caroll Wakeley Grayling

The ad was 'stupid To the editor,

What in the world could Mr. Shearer have been thinking about when he placed his "stupid" ad? Certainly not the children and parents in Grayling.

What in the world could the Avalanche have been thinking about when they accepted and ran the "stupid" ad for Mr. Shearer? Certainly not the children and parents in Grayling.

When our children make "stupid" remarks in schools that threaten oth-

ers, what do we do? We expel them from school, have them arrested and ruin their lives forever.

What in the world is our law enforcement and our legal system doing about this matter? I hope it's something positive, for the sake of our children and parents of Grayling.

Apologies are fine, but after all, what in the world do you expect.

### **Volunteers sought for** baseball field project

The Grayling High School baseball field will undergo a major maintenance project this weekend, as local volunteers work on installing a new infield, a new mound, a warning track, and a catchers box. The fences in right and left field will also be moved back.

Project organizers are still looking for volunteers to help out.

"We want to get as many bodies to help as we can," said Bob Gorski, one of the project leaders.

Volunteers are encouraged to bring shovels, rakes and wheelbarrows to the field this weekend.

The project will start at 8 a.m. on

Saturday, November 6, and will conclude around 6 p.m.

At about 11:30 a.m., lunch will be provided to all volunteers. Burger King will be supplying burgers and drinks, and there will be chili from the Grav Rock Cafe.

The work at the field is being completed with funds appropriated for the project by the CASD Board of Education, about \$13,500.

The field is used by the GHS baseball teams, local Legion teams, Senior League, and Big League.

For more information call Tom Coors at 348-3364 or Dave Schreiber at 348-5858.

#### Planning under way for annual **Community Thanksgiving Dinner**

by Cheryll Ruley Staff Writer

The 6th Annual Crawford AuSable Community Thanksgiving Dinner, hosted by St. John Lutheran Church of Grayling, is now in the planning stages.

The annual dinner is free to everyone who wishes to partake of a traditional Thanksgiving meal, complete with turkey, dressing, mashed potatoes and gravy, cranberry sauce and pumpkin pie. Last year, more than 400 meals were served.

The dinner's founder, Therese Kaiser, said the dinner is meant to bring the community together and leave no one alone or without a meal on such an important American holiday as we give thanks for God's abundant blessings.

The dinner will be held from 12 noon until 2 p.m. on Thanksgiving Day, Thursday, November 25 at the Grayling Knights of Columbus Hall at 604 Norway Street.

Free deliveries to shut-ins can be scheduled by calling Sally at 348-9418 or St. John Church at 348-

Anyone wishing to volunteer their services to help prepare, serve or deliver this very popular meal should contact Kaiser at 348-7651.

Anyone wishing to make a donation to help pay for the meal, can simply fill in and mail a donation with the slip provided below.

All proceeds from the meal will help area charities including the Crawford County Community Christian Help Center.

### The Bible Speaks

#### **Anti-Christian Hatred**

saying that, "Organized religion is a sham and a crutch for weak-minded people who need strength in numbers. It tells people to go out and stick their noses in other people's business". Later, the governor's spokesman, John Wodele, sought to clarify his comments, saying Ventura "was talking about extremists of the religious right who are often intolerant, and the governor cannot stand intolerance." Did Ventura create public love or hate when he stated or implied religious people are hypocrites, handicapped, stupid, weak, cowardly, nosy, extremists, and intolerant?

Remember after the April 1995 bombing of a federal building in Oklahoma City, President Clinton named G. Gordon Liddy among the conservative talk-show hosts he called "purveyors of hatred and division," saying they were "encouraging violence." Bryant Gumbel said on the "Today" show "The bombing at Oklahoma City has focused renewed attention on the rhetoric that's been coming from the right and those who cater to angry white men." Every conservative group from religious leaders to the militia was blamed.

Yet following the shooting of Christians in a Baptist church in Fort Worth, Texas, the president said, "Yet again, we have seen a sanctuary violated by gun violence, taking children brimming with faith and promise and hope

Governor Jesse Ventura, is reported before their time." There was blame on gun violence, and a renewed call for gun control, yet no blame for hatred and hostility toward religion created by liberals like the American Civil Liberties Union and people for the American Way. Even the facts were seemingly ignored as NBC's Jim Cummins reported "Authorities say the gunman then entered the church sanctuary ranting anti-religious curses and opened fire." Newsweek quoted witnesses who said Ashbrook shouted. "I can't believe you believe this junk!" ABC's Dean Reynolds said the FBI found writing that condemned religion and law enforcement." Yet, Attorney General Janet Reno warned reporters that it was too early to characterize the Fort Worth shooting as a "hate crime." Earlier when three students were killed while praying at a Paducah high school, and when Cassie Bernal and others were killed while affirming their faith at Columbine HS, the TV networks never raised the issue of religious bias or anti-Christian hatred as a cause.

As Wesley Pruden, editor in chief of The Times, said, "What's obvious, to anyone who isn't sound asleep, is that the secular assault on religious faith, the partisan campaign to demonize evangelical Christians,the relentless attempt to drive all expression of religious faith from the public square and with it our ancient moral code, and above all the determina-

tion of the irreligious to destroy society's traditional respect for faith, is having a cumulative effect." Thousands of early Christians were martyred for their faith by the Roman government. The common charge against them was "odium humani generis" of hatred of the human race. Christians were the ones accused of creating a 'climate of hate' in the Roman Empire. Today when Christians are being characterized as hypocrites, handicapped, stupid, weak, cowardly, nosy, intolerant, and extremists, they are being publicly branded as the promoters of hate and destruction within society. Christ told his disciples in Luke 21:17: "And ye shall be hated of all men for my name's sake."

started out with the ceremony of a World War I Unknown Soldier being buried in Arlington National Cemetery in 1921. This became the focal point of reverence for America's veterans.

Veterans Day, also known as Armistice Day, was originally celebrated in recognition of the ending of World War I. This observance took place at the 11th hour of the 11th day of the 11th month.

Armistice Day officially received its name in America in 1926 Congressional a Resolution. It became a national holiday 12 years later in 1938. Armistice Day was meant to celebrate the "end of the war to end all wars."

When World War II broke out, the meaning needed to change. Armistice Day was then changed to Veterans Day, an occasion to honor those who have served America in all wars and in peacetime.

In 1954, President Dwight D. Eisenhower signed a bill proclaiming November 11 as Veterans Day. The traditions for celebration remained the same. Be sure to thank a veteran this November 11.

minutes ago." In this "instant society," why shouldn't we? Why trickle toward tomorrow? Follow a trickling brook? Such a tiny stream that meanders merrily along. Perhaps it is joyful knowing that one day it will be part of a mighty ocean, powerfully pounding the shore. Yet, the brook is happy in the meantime, growing naturally into a stream and then a river, increasing in size and might mile by mile on a journey toward the sea. It is God's plan.

On the journey toward our goals, we must begin slowly, growing through experience in such qualities as patience, humility, and wisdom along the way until we are groomed for greatness. To be great, our souls must be rooted in spirtual principles. Our soul will grow as we worship each week. Through worship and growth,

### Scouts clear the way for trail riders and walkers

Hikers and bikers visiting the Wakeley Lake recreation area will find the trails easier to travel thanks to a clean up project by Boy Scout Troop 979 on October 16.

Armed with hatchets, saws and adult helpers with chain saws, the scouts removed fallen trees and brush from approximately 12 miles of scenic trails within the federal land, located ten miles east of Grayling.

John Ericson, forester with the U.S. Forest Service, was on hand to aid the clean up. He expressed his thanks to the troop, citing the difficulties the Forest Service has in maintaining the trails due to lack of time and mannower

Boy Scout Brian Stewart, 16, planned the clean up to complete his Eagle service project, one of the last requirements needed to become an Eagle Scout.

To earn an Eagle Scout ranking, a scout must work his way through scout ranking - Tenderfoot, Second Class, First Class, Star and Life rankings; earn at least 21 merit badges, participate in leadership roles within the troop, and plan and lead a community service project.

Stewart, a home-schooled student in his junior year of high school, has been in scouting for eight years, beginning as a Cub Scout and joining Boy Scout Troop 979 in 1994.

"I encourage boys ages 11 and older to join the troop, said Stewart.

"We have weekly meetings and try to do an outdoor activity every month. We learn many outdoor and leadership skills and we have a lot

### Surplus food commodities to be distributed

Veterans of Foreign Wars Carl W. Borchers Post & Auxiliary 3736 will be distributing surplus food commodities on November 9 at the Eagles Hall from 9 a.m. to 1 p.m.

Those not certified for the program must do so before receiving any commodities. Bring proof of income of all members in the household to be certified, as well as identification of the head of household.

Those who receive Food Stamps, AFDC, SSI, Medicaid or General Assistance are eligible for this program. Any residents of Crawford County that believes they may qualify must bring proof of gross income (total cash receipts before

taxes) for every working person in the household. Also bring personal identification for the head of the household — a drivers license is preferable. If income is directly deposited, bring in a current bank statement. Those with no income must bring in a statement from Social Services to that effect or an eligibility card from any of the above mentioned programs.

A Household is a single individed individuals, an immediate family or extended family who are living as one economic unit and for whom food is customarily purchased and

salaries before deductions; receipts from non-farm and farm selfemployment; regular payments from Social Security, railroad retirement, unemployment compensation, strike benefits, veterans' benefits, public assistance including Supplemental Security Income information on this program. (SSI), training stipends, alimony, private pensions, government employee pensions, and regular income from dividends, interest, rent, royalties, or periodic receipts from estates or trusts.

Exempt incomes are: capital

Eligibility is based on wages and Medicare premiums deducted from Social Security and child support.

Food products and funding are made available to the states on the basis of the number of persons unemployed and those below the poverty level.

### You may qualify for free eye exam

Low-income workers and their for Youth," a program headed by families can begin applying for free eye exams through a program called Vision USA, now celebrating its 10th anniversary.

Vision USA is a national nonprofit program that matches lowincome children and adults with optometrists in their communities who provide free comprehensive eye exams in their offices.

About 7,400 optometrists volunteer their services through the program which has helped 262,000 people receive vision care across the nation to date.

Although this service helps people of all ages, Vision USA 2000 will mark the start of the program's emphasis on aiding children. This focus aligns with it's commitment to "America's Promise -- The Alliance

Post Office recommends early mailing of overseas Christmas cards and packages

#### Secretary of **State** plans holiday closings

Secretary of State Candice S. Miller announced today that all 178 Secretary of State branch offices will be closed in observance of state holidays during November and December. The branch offices will be closed for:

- Veterans Day on Thursday, November 11
- Thanksgiving Day on Thursday, November 25 and Friday, November 26
- Christmas on Thursday, December 23 and Friday, December 24
- New Years on Thursday, December 30 and Friday, December 31

Motorists whose drivers license or license plates expire over a holiday weekend should renew early. Customers can expect fastest service midmorning, midafternoon, Grayling branch office is open Internet Monday, Tuesday, Thursday and

Friday 9 a.m. - 12:30 p.m. and 1:30 p.m. - 5 p.m. On Wednesday the office is open 11 a.m. - 2:30 p.m. and 3:30 p.m. - 7 p.m.

Motorists renewing license plates can avoid a trip to the branch office by renewing by mail, by fax and, if eligible, by touch-tone telephone or Internet. Easy to follow instructions can be found with the renewal notice. License plate tabs will arrive by mail within seven business days.

The Michigan Historical Museum in downtown Lansing, operated by the Department of State, will also be closed on Veterans Day, November 11; Thanksgiving Day, November 25-26; and in observance of Christmas and New Years, December 23 - 26 and December 30 - January 2.

until Christmas is a lot less than you think, especially if you're mailing overseas, according to International and Military Mail Christmas mailing deadlines released by the U.S. Postal Service.

Depending on where and how it is going, the most looming deadline is November 5 for surface transportation to Asia, the Pacific Rim, Australia, New Zealand, as well as Central and South America. The deadline for cards and packages destined for Africa is December 2.

On the other hand, Air Parcel to Canada and Mexico can wait until December 13 to enter the mailstream.

For the most part, postal officials recommend Christmas packages, cards and letters to Europe and the Middle East be mailed no later than December 9.

and Christmas, the Postal Service expects to deliver 20 billion holiday letters, post cards and packages, about one billion of which will be bound for international destinations.

This year, between Thanksgiving

Mail destined for Military APO/FPOs can be mailed First at: www.usps.com.

The number of shopping days left Class or Priority Mail up until December 10 for Christmas delivery. Parcel Airlift or "PAL" mail should be sent no later than December 3 and Space Available Mail or "SAM" should be sent no later than November 27.

> The Standard Mail deadline is November 6. Mailing early will save customers on postage costs.

> Besides mailing early, another international mailing tip is to follow international addressing rules.

- Overseas addresses: · must be in English and use Arabic numerals;
- have foreign postal codes, if known, in front or after the city or town name and on the same line:
- place the city or town name and the province or state name on the next line after the street address information; and
- write the name of the foreign country in capital letters on the bottom line of the address.

resentment my students would feel toward me because of striking. The them learn. students tend to perceive the teachers NOT going to school as not caring

about our students, but only caring about our paychecks. I immediately set out to find out the "issues" that warranted a strike. I only hoped they had something to do with SCHOOL REFORM. After all, this was a 3-year contract being negotiated. We settled for more money last time and our students are still failing and dropping out in record numbers. Surely we wouldn't SETTLE FOR MORE MONEY again! Or would we?

Sometimes (often times), removing yourself from a situation is the best way to effectively study the situation. I knew I did not want to

quit; the kids would think I was quitting on them. Instead, I made a picket the police to get a contract, we could get additional officers hired to patrol sign: FIRE ME . . . MY STUDENTS AREN'T LEARNING ANYWAY. It caught the attention of a few people passing by the school's center building. To my amazement, one lady yelled out her car window, "Get back in the classroom!" Do I need to point out the irony in that? Needless to say, the sign did not get me fired (not even reprimanded). If NOT QUIT and NOT FIRED, then what? The strike settled before I had decided so I CHOSE NOT TO REPORT TO MY SCHOOL. I needed MORE TIME to figure out what to do. Yes, sometimes it takes TIME TO ARRIVE AT A SOLUTION (ANSWER) TO A PROBLEM.

By the way, I taught MATHEMATICS. I remember making a picket sign asking something like, "How are our students supposed to learn math with-I am a Detroit Public School Teacher. I was on my way to school when I out analysis?" I don't recall exactly what it said but I know who I gave it heard the news: THE DETROIT PUBLIC SCHOOL TEACHERS HAVE to. I gave it to a deaf boy who wanted to learn math a few years back. DECIDED TO STRIKE. As a high school teacher, I just hoped we had a very Guess what? I was able to teach him. In fact, I've never been much of a good reason for doing so. It had to be good enough to overcome the teacher. But, give me a child who wants to learn and I can usually help

P.O. Box 5 • Lewiston, MI 49756 "Home of the ODYSSEY NETWORK" Does that mean children in Detroit don't WANT TO LEARN? I'm not sure. I am sure, however, of the following. An Osborn student was raped on the first day of school. The ripple effect of all the students walking to school in fear they will be next MUST BE TREMENDOUS. I did not mention that I had also made a picket sign that said, "Give My Contract to a Detroit Cop". As far as I"m concerned, if the teachers really cared about the children, we should have held out UNTIL THE DETROIT POLICE GOT A CON-TRACT. Maybe then, our kids can quit thinking about how to survive at the expense of thinking about graduating. Maybe if we waited for

the areas around our schools. Maybe if we did those things, our children COULD ARRIVE AT SCHOOL READY TO LEARN MATHEMATICS. As it is now, if my students don't want to learn math, I don't blame them. As such, I have decided I am no longer going to add stress to their lives by trying to teach it. IF not in Detroit, THEN not anywhere. As soon as I have the money, I will be opening The Odyssey Academy where I can teach children TO WANT TO LEARN.

As to the HOW, I had to sell my cottage to do it. By the looks of last week's Crawford County Avalanche Letters to the Editor, I made a good decision. I stand by this paper, however, and believe it was an HONEST MISTAKE.

### **Use Child Car Seats Safely**

I ness of safe driving and state safety laws has alerted the general public and parents to the importance of using car seats for their small children whenever

and wherever they are driving. Most states require the use of car seats for children under the age of four and weighing fewer than 40 pounds. However, serious neck and spinal injuries-and even death-can result if child car seats are used incorrectly.

While car accidents can be dangerous for all passengers, small children are especially at risk, according to Dr. Scott Bautch, president of the Chiropractic American Council Association's on Occupational Health.

"The weight of the head of a child makes the cervical spine much more vulnerable to injury," Dr. Bautch explained. "The infant has little control in the muscles of the neck, and the head can bounce from side to side and fall forward, which can cause serious spine and neck injuries."

The American Chiropractic Association, its Council on Occupational Health and ACA member Dr. Michael Freeman have developed the following guidelines and safety tips to ensure proper car seat safety:

 Make sure the child safety seat is appropriate for the age

infant requires a different seat than a three-year-old.

 The car seat should always be rear facing as the forces and impact of a crash will be spread more evenly along the back and shoulders, providing more protection for the neck.

• Car seats should always be placed in the back seat of the car. This is especially important in cars equipped with air bags. If an air bag becomes deployed, the force could seriously injure or kill a child or infant placed in the front seat.

• Make sure the car seat is properly secured to the seat of the vehicle and is placed at a 45degree angle to support the head of the infant or child.

• The lap harness should be fastened low, as close to the hips as possible; the harness should never be fastened around the waist.

 Make certain the shoulder harness is fastened securely and the straps lay flat against the body. Twisted straps can cause additional injury and might prevent the seat from working propvided by the manufacturer) when securing a child safety seat with the shoulder harness. The retention or shoulder harness clip is an added safety feature and must be fastened close to the armpit of the infant or child.

· Borrowing or purchasing a used car seat can be dangerous; there is the possibility of unknown or undetected damage. Car seats that have been in a serious accident should never be used again.

• Be sure the seat meets federal motor vehicle safety seat standards. Consult the owner's manual and instruction booklet.

• Be sure the clip between the legs of the child is fastened snugly. If you or one of your children are involved in a serious automobile accident and have experienced neck and back discomfort, you should consider a visit to a chiropractor.

For a free brochure about chiropractic care, or for a list of chiropractors in your area, call the American Chiropractic Association at 1-800-986-4636 or visit the ACA Web site at www.amerchiro.org.

### **Prepare Now For Holiday Travel**

**F**AILURE TO GET your vehicle ready for winter's conditions can do more than just spoil your holiday travel.

In fact, a breakdown in winter could be deadly, warn the mended service schedules. experts at the National Institute Automotive Service Excellence (ASE), the nonprofit organization that administers national certification tests to automotive technicians.

ASE offers the following tips to help motorists prepare. Some of the tips are easy; others require a professional techni-

• The basics. Read the owner's manual and become familiar with the various components and systems. Follow the recom-

 Housekeeping. Wash and wax your vehicle to protect its finish. Inspect lights and bulbs. Replace worn wiper blades; keep plenty of washer fluid on hand; carry emergency gear-a shovel, a blanket, boots, snack food, a car phone, etc.

• Engine Oil. The oil and filter should be changed as specified

• Cooling System. The level, condition and concentration of the antifreeze should be checked periodically. The cooling system should be flushed and refilled as recommended. Let the engine cool off before working on the radiator. The tightness and condition of drive belts, clamps and hoses should be checked by a professional.

Performance. Engine Problems with rough idling, hard starts, stalling or diminished power should be corrected before cold weather sets in. Describe any changes in performance to the service manager or a qualified technician.

• Heater/Defroster. To ensure comfort and safety, the heater and defroster must be in good working condition.

• Tires. Rotate tires about every 5,000 miles. The air pressure should be checked once a month; let the tires "cool down" first. Examine tires for cuts and nicks, uneven wearing and cupping. Check the spare, too. Note that some of today's body styles and tire packages are not compatible with tire chains.

• Brakes. Brakes should be inspected as recommended in your manual, or sooner if you notice pulsations, grabbing, noises or longer stopping distances.

· Professional Technicians. If you are not a do-it-yourselfer, look for repair facilities that employ ASE-certified automotive technicians.

For a free brochure with winter maintenance tips, send a selfaddressed, stamped businesssized envelope to: ASE Winter Brochure, Dept. NU-798, 13505 Dulles Technology Drive, Suite 2, Herndon, VA 20171-3421.

ASE was founded in 1972 as a nonprofit, independent organization dedicated to improving the quality of automotive service and repair through the voluntary testing and certification of automotive technicians.

ASE-certified technicians wear blue-and-white ASE shoulder insignia and carry credentials listing their exact area(s) of certification. Their employers often display the blue-and-white ASE sign.

### Seasonal Car Maintenance: **Always A Good Investment**

WHETHER YOUR winters are long and harsh or typically short and mild, getting your vehicle ready is a good investment. That's the word from the pros at the National Institute for Automotive Service Excellence (ASE), a nonprofit group that tests and certifies automotive technicians.

Vehicles that receive regular, on-going maintenance run better, last longer, and command a higher resale value than neglected cars and trucks. ASE offers the following advice about getting your vehicle ready for cooler weather ahead:

• Don't procrastinate. Fall is the ideal time for a car checkup. You can undo the wear and tear of summer's heat, dust, and stopand-go vacation traffic while preparing for the rigors of winter

- Read your owner's manual and follow the manufacturer's service intervals.
- Replace worn wiper blades and keep plenty of washer fluid
- Replace balding tires with all-season radials or snow tires, as conditions warrant. Don't forget to check the spare tire and
- Have a qualified auto technician check the condition of your battery and cables, plus the radiator, and all hoses and belts.
- If you are not a do-it-yourselfer, find a repair shop with a courteous staff, qualified technicians and modern equipment. Reward good service with repeat business. Ask friends for their recommendations and check the reputation of the shop with your

local consumer organizations.

- Look for repair facilities that employ ASE-certified technicians. These professionals have taken national exams to prove their competency to their employers and to you. ASE-certified technicians wear blue and white insignia and carry credentials listing their exact areas of expertise, for example, brakes or engine repair. Shops and dealers which employ ASE-certified technicians often display the ASE sign in the customer area or near the service bays.
- Engine performance problems such as rough idling, poor acceleration or hard starts should be corrected before cold weather sets in. Stalling in the summertime is an inconvenience; it's potentially deadly in frigid winter conditions.
- · For your comfort as well as visibility, make certain your heater and defroster are in good working condition.
- Have the exhaust system examined for leaks, a potentially deadly condition in closed cars.
- Carry emergency gear: flares, boots, gloves, ice scraper, high- energy snacks, blanket, shovel, flashlight, tire chains, a few tools, and a car phone or CB

The National Institute for Automotive Service Excellence has prepared a brochure on winter auto maintenance.

For a free copy of Getting Your Vehicle Ready For Winter, send a self-addressed, stamped #10 envelope to: ASE Winter Brochure, Dept. NU-W98, 13505 Dulles Technology Drive, Suite 2, Herndon, VA 20171-3421.

While some patients seek chiropractic care only when pain is unbearable, this "crisis" approach often costs more in the long run—in me, stress, and dollars. ### Students get taste of apple harvest

For an autumn-time field trip, Mrs. Brunell's kindergarten classes visited Rennie's Apple Orchard near Traverse City recently.

The children were treated to a hay ride and an opportunity to play in a real haystack.

Orchard staff members taught the children about the different varieties of apples grown and allowed them to pick one of their own right off the tree.

While sitting in an authentic teepee, students learned about Johnny Appleseed and ate their lunch.

They also got to see a huge oak tree that dates back 200

### Varsity team holds off Spartans

#### ► Steady offense racks up 79 points in win over Pinny

by Caleb Casey Staff Writer

The Varsity Girls Basketball squad rebounded well last Tuesday from a loss the week before at Tawas, beating the visiting Pinconning Spartans by 21 points.

Grayling held off a couple strong runs by Pinconning en route to a 79-58 win. GHS took an early lead, and stayed ahead of the Spartans the entire game.

Vikings Andrea Elmy and Carrie Cadeau opened the first quarter scoring with a shot inside and a three pointer, respectively.

For much of the quarter the two teams pushed the ball down the court trying to take advantage of transitions, but with little success. Toward the end of the first period, Grayling slowed the pace and started running a more controlled, steady offense.

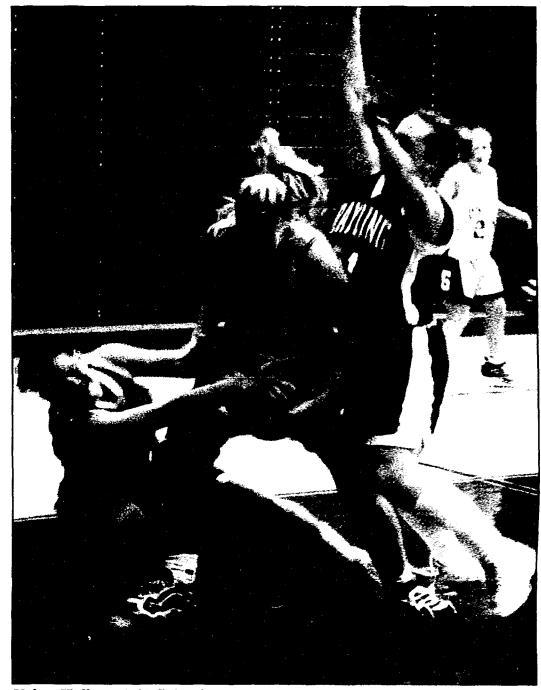

Points by Brandy Ritter, Lori Hinkle, Cadeau, and Melanie Paxton helped the Vikings build up a nine-point lead by the first quarter buzzer, 17-8.

The teams more or less traded baskets for much of the second period. Towards the end of the half, Pinconning made a solid run. The Spartans shot well from the floor, and managed to cut the GHS lead to six by halftime, 38-32.

Using good rebounding under the basket, Pinconning continued to stay with the Vikes early in the third period.

With 5:56 remaining in the third, the Spartans hit one of two free throws to cut the GHS lead to as lit-

### JV basketball squad wins 2 more games

► Vikes beat Pinny at home, Devils at Gaylord to move to 15-1 for the season

by Caleb Casey **Staff Writer** 

The JV girls basketball team had another big start last Tuesday, outscoring the Pinconning Spartans by 23 points in the first quarter to set the pace in what would ultimately be a 36-point Viking win.

Grayling opened the game with 28 points in the first eight-minute period, as many points as Pinconning ended up scoring the entire game.

Coincidentally, in a Tuesday night game a week before, the JV team opened with a 28-5 first quarter, the same lead that Grayling took into the second period of last Tuesday's game with the Spartans.

GHS scored the first points of the match on a lay-up by Tracy Parkinson and two free throws by Michele Elsner.

Pinconning then hit a basket and a three-pointer, the team's only scores of the quarter. Grayling's defense played strong, anticipating passes and stealing the ball, stifling the Spartan offense. Steals on defense resulted in several Grayling scores as the Vikings moved quickly to the basket on turnovers and converted for points.

After the Pinconning triple, the Vikings scored 24 unanswered

buckets inside, and Elsner scored four more points on two free throws and a shot under the basket. Parkinson scored on a drive to the hoop and Kelly Jansen hit a jump shot near the end of the quarter. Thompson rounded out the period's scoring with a move to the basket on a nice dish by Henion.

The game evened out a little more in the second quarter, as GHS edged Pinconning 13-11 in the period. After points by Dent, Thompson, Nicole Larm and Henion GHS led 41-16 after the first half of regula-

Grayling scored 10 points in the third quarter on a move to the basket by Henion, four points by Elsner, and two drives by Dent. GHS held Pinconning to six points, extending the Viking lead to 29 after three quarters, 51-22.

GHS opened the final period with 10 unanswered points, including four points by Thompson, a lay-up by Jansen, a jumper by Larm, and a shot inside by Alexis Sumner.

The Vikings held the Spartans to six fourth quarter points, and finished 36 points ahead of Pinconning,

Eight Vikings scored points in the game. Thompson led with 16. Dent and Elsner each scored 12, and Parkinson, Henion, and Larm each put in six points.

Grayling also beat the Gaylord Blue Devils last week at Gaylord. The wins moved Grayling's '99 season record up to 15-1.

On Thursday, November 4, the JV team will host Bay City John Glenn at 6:15 p.m. BCJG is the only team Thompson. Jamie Dent scored two the Vikings have lost to this year.

### Freshmen girls beat Blue Devils

#### **▶** Vikes overcome a slow start, win by 14 against visiting Gaylord freshmen

by Caleb Casey Staff Writer

Grayling's Freshmen Girls Basketball team beat the visiting Gaylord Blue Devils last week, overcoming an early deficit to take

the game by 14 points, 53-39. The Viking offense was slow to develop, as turnovers cost Grayling several scoring opportunities and shots weren't falling.

Gaylord started off the game with a 7-0 run, but the Vikings tightened their defense and started to put some points on the board toward the end of the first quarter.

Mitchell, Danielle Kim Beckwith, Britni Baker, and Kate Nickert scored points for Grayling in the opening period.

Gaylord led 14-10 after one.

The Vikings started playing more aggressively on the defensive end, racking up steals.

With about five minutes left in the first half, shots inside by Nickert and Jessica Green gave Grayling a five point lead over the Blue Devils, 20-15. Grayling would not relinquish the lead for the remainder of the contest.

Gaylord pulled within one after converting four free throws on two trips to the line, but Grayling fin-

ished the half with five points by Green and a jump shot by Nickert to lead 29-22 at halftime.

Forced passing and turnovers continued to hurt Grayling's offensive effort, but the Vikes stayed even with the Blue Devils in the third quarter, as both teams hit for 12 points in the period.

The Vikings scored on a jumper by Beckwith, eight points by Mitchell, and a shot inside by

Grayling led by seven, 41-34, going into the fourth quarter.

The Vikings ran a controlled passing offense in the fourth to burn a lot of clock. Gaylord did not shoot well from the floor or the free throw line in the period.

Grayling's offense put another 12 points on the board on baskets by Mitchell and Green, both of whom played well down the stretch.

The Blue Devils did not hit a fourth quarter field goal until the 1:30 mark, and only scored five points in the period.,

Grayling won 53-39.

Mitchell and Green were the Grayling high scorers with 21 and 17 points, respectively.

On Wednesday, November 3, the Viking freshmen team will play at home against Saginaw Valley Lutheran at 6:15 p.m. On Monday, November 8, the Vikes will head to Bay City. Grayling will play its final game of the '99 season at home against Kalkaska on Wednesday, November 10, at 6:15

### Two GHS runners qualify for State

#### ► Kathy Wyman. Karen Wyman place 12th and 15th out of 100 at Regionals

by Caleb Casey Staff Writer

GHS Cross Country runners Kathy Wyman and Karen Wyman qualified to compete in the upcoming State Meet by placing 12th and 15th, respectively, at Regionals last weekend.

Only the top 20 finishers out of a field of approximately 100 female runners qualified for State. Medals were awarded to those placing in the top 15. so the Wymans also qualified as medalists at Regionals.

"Our girls did really well," said Coach Ron Rakoczy. "Half the schools in Regionals we'd never competed against. That makes it hard; you never know what you're going up against."

"We're not like football or basketball, we don't do any pre-meet scouting," Rakoczy said, "That makes it tough."

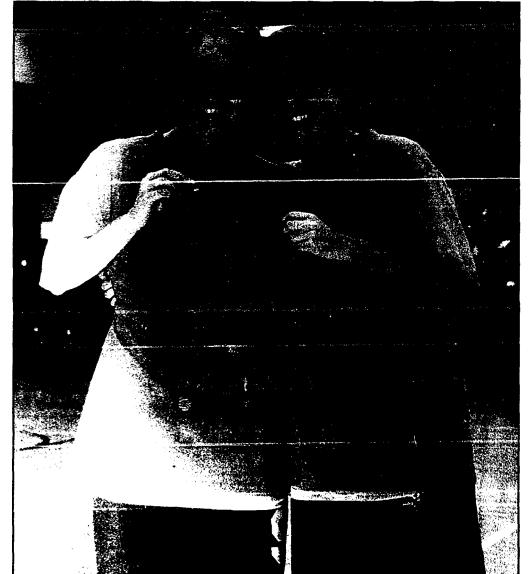

As a team, the Viking boys squad finished 10th out of 18 teams.

#### **Area bicyclists** compete at **Hidden Valley**

The Otsego Club of Gaylord hosted the first ever Glacier Gorge Mountain Bike Race on Saturday, October 23. Seventy-three racers from around Michigan and Canada participated in this National Off Road Biking Association sanctioned event.

The race was a precursor to the Iceman Mountain Bike Race, an annual race from Kalkaska to Traverse City, which will be held on November 6 this year.

The racers battled high winds, rain, snow and temperatures bordering on freezing as they followed the nine-mile course around the golf course and through the woods at Hidden Valley. Beginner Class racers completed the course once and Sport Class did the loop twice, while Expert Class rode three complete loops.

The first place finisher in the men's 19-44 for the Expert Class and first place overall was Derek Prechtl with a time of 2:26:05.83. Second in men's 19-44 Expert was Jesse Jakomait, and third was Carey Grumelot.

Robert Smith, sponsored by The Bicycle Shop of Grayling, finished fifth in Expert men's 19-44.

Thomas Trevor of Muskegon was first in the men's 18 and under Expert Class.

**Bruce McLean of Harbor Springs** was the overall winner in the Sport Class and the first place finisher in the men's 19-44 category, with a time of 1:54:45.67. Bob Volant of Gaylord was second in the men's 19-44 and Danny Otremba of Oscoda was third.

Mike Okma was first in the men's 18 and under Sport Class. The Sport Women's class was won by Jennifer Mueller of Saginaw. Nickie Lambert of Traverse City took second.

In the Beginner Class, first place in the men's 18 and under category and also first place overall was Todd Elenz of Gaylord, with a time of 1:01:59.89.

Winner of the Beginner men's 19-44 category was Andrew Brown, followed by Jason Swink of Flint and Alex Pina of Cedar. In the Beginner mens 45-plus

group, Terry Hanson of Traverse City was the winner. Second and third went to David Golder of Alpena and Robert Carleton of Toronto.

The Beginner women's class was won by Sherri-Lynn Patchin of Roscommon with a time of 1:19:03.71. Jennifer Stark of Bay City was second and Allison Knapp of Maple City was third.

Motion by Annis, second by o'Mara, to approve minutes of September 15, 1999 special meeting as presented. All ayes, motion carried.

The Treasurer's Report for September was read and placed on file.

Correspondence: (No action required) E-911 Activities Report 8-99; Chamber News, Crawford Co. Board of Commissioners 9/15/99 Board Meeting min-

Citizens Who Wish to Speak:

1. Gary Bofysil and Ron Dube were present to request Grayling Township's ongoing participation in the Beckwith vs Stempkowski case regarding public status of two road ends off McIntyre's Landing Road at Lake Margrethe and a 265 foot parallel road between the two road ends. It was determined that the two road ends were public access in accordance with Jacobs vs Lyons Township. The judge did not address the parallel road issue. The case is being appealed by the plaintiffs.

Monte Burmeister, recently appointed as Township Legal Counsel, has withdrawn as Counsel for Bofysil and recommends that Grayling Township, if it decides to continue as a participant in the appeal, also use other legal counsel so there could be no question of a conflict of interest on his part.

Motion by Hall, second by O'Mara, that Grayling Township join the defendants in Beckwith vs Stempkowski in the Court of Appeals regarding the public status of two road ends and a parallel section of road between the two road ends off McIntyre's Landing Road at Lake Margrethe. All ayes, motion carried.

2. Motion by Ashton, second by Annis, to authorize two office personnel to attend a Microsoft Office seminar in Saginaw on December 7, 1999. All ayes, motion carried.

3. Motion by Annis, second by Ashton, to approve the following resolution adopting a flexible benefits plan.

WHEREAS, the Authority wishes to adopt a cafeteria plan within the context of Section 125 of the Internal Revenue Code for the benefit of the employer's eligible employees

NOW THEREFORE BE IT RESOLVED. THAT THE Authority hereby adopts the Flexible Benefits Plan (consisting of the flexible benefits plan document, the Adoption Agreement, and component benefit plans and Policies) for the Employer named herein below effective as of the date specified in the Adoption Agreement.

RESOLVED FURTHER, that any officer of the employer may, without a further resolution, execute the Adoption Agreement and any related documents or amendments which may be necessary or appropriate to adopt the plan or maintain its compliance with applicable federal, state and local law. VOTE; Ayes, five; Nays, none. Motion carried.

4. Supervisor Wright explained that Grayling Township has the opportunity to ioin with three other counties in northern Michigan to establish a REnaissance Zone within its boundaries. The area that is being proposed for Grayling Township is approximately 2,000 acres zoned as Planned Industrial and Planned Commercial Districts by Ordinance 99-1, lying East of Interstate 75 R.O.W. in Sections 20, 29, 32, and 33, T26N,R3W.

Comments were heard from Mrs. Balmes of Beaver Creek Township and Scott Hanson, County Commissioner that if Grayling Township adopts tax incentives for the Planned Commercial District it would interfere with proposed commercial development in Beaver Creek Township.

Ashton stated that it is not the intent of Grayling Township to lure business, commercial or industrial, away from Beaver Creek but to attract jobs and non-polluting enterprises to benefit the entire county.

Several persons noted, that if Beaver Creek also adopted these incentives perhaps both Townships and the entire County would

Ashton noted that the Renaissance Zone is the only means available to a community to offer tax exemptions to commercial businesses. School District taxes are not affected by these incentives.

Hall noted that the Renaissance Zone would attract jobs to the area and make up for any tax deferrals the businesses may initially

receive. We need to think of future genera-

Wright noted the lands in question are state owned and would be transferred under an agreement Grayling Township has with the State of Michigan. The tax breaks would not take any properties off the current tax roll. The only revenues currently received on this acreage are \$1.50 per acre per year Payment In Lieu of Taxes by the State.

Motion by Ashton, second by Hall, to adopt the following RESOLUTION to proceed TO ESTABLISH A RENAISSANCE SUBZONE WITHIN THE TOWNSHIP OF GRAYLING:

WHEREAS, the Township has an abiding interest in quality economic and housing development within its boundaries; and

WHEREAS, the State of Michigan has established the Michigan Renaissance Zone program that allows communities and counties to apply for various state and local tax exemptions for specific parcels of property within the rules of the program; and

WHEREAS, a joint application will be submitted to the Michigan Economic Development Corporation, the administrators of the program, from the County of Crawford in partnership with other counties:

NOW THEREFORE BE IT RESOLVED THAT the land bounded by the legal descriptions in Exhibit 1 shall be included in the joint Renaissance Zone application; with state and local taxes being waived for the property beginning January 1, 2000 through December 31, 2015, for eligible owners and occupants of the designated property within the limitations specified by state law; and

BE IT FURTHER RESOLVED THAT the tax benefits pertaining to this resolution shall not take effect if the State of Michigan has not approved the joint Renaissance Zone application before March 15, 2000; and

BE IT FURTHER RESOLVED THAT Mr. Terry R. Wright in his capacity as Grayling Township Supervisor is given the authority to sign the application for the Township of

EXHIBIT I:

All state-owned lands lying east of the Interstate-75 Right-Of-Way in Sections 20. 29, 32 and 33, Town 26 North, Range 3 West (Approximately 2,000 acres). Roll Call Vote: Ashton, ave; Hall, ave;

Annis, aye; O'Mara, aye; Wright, aye. 5. Motion by Ashton, second by Hall, to

authorize expenditure of \$1,500 as Grayling Township's share of fees for writing and processing the Renaissance Zone Application. All ayes, motion carried.

6. Monte Burmeister, recently appointed Township legal counsel, notified the Board that the decision in the Hall vs Hanson, Northerly Blvd. road end, case is being appealed by the Hansons and Jeromes. The Judge has divided the road end between the two adjacent property owners (Hanson and Jerome) and designated the center portion public property. It appears the defendants do

not want any portion to remain public access. Tom Hall requested to abstain from any ction or discussion on this matter because he is a party in the litigation.

Motion by O'Mara, second by Ashion, to grant Tom Hall permission to abstain from participation in discussion or action on the Hall vs Hanson case. Ayes, four; Abstain,

one; Absent, none; motion carried. On November 18, 1998 the Grayling Township Board authorized legal counsel to intervene in the litigation of Hall vs Hanson regarding disposition of Northerly Bouleyard

on behalf of Grayling Township. Motion by O'Mara, second by Ashton, to continue the legal effort to maintain public interest in Northerly Boulevard in the Court of Appeals. Ayes, four; Nays, none; Abstain,

one; motion carried. 7. Motion by Annis, second by Hall, to authorize \$750 expenditure for a warming room and water heater in the garage and the Grayling Township Compactor and

Recycling Center. All ayes, motion carried. 8. MOtion by O'Mara, second by Annis to authorize \$200 for a full page historical article in the third edition of The First Hundred Years (History of Crawford County). All ayes, motion carried.

9. Supervisor outlined a proposed list of priority road projects for the current and next

Priority #1: Stabilization of Summet Road at Lake Margrethe. (1999-2000 Budget) Priority #2: Stabilization of W. Lincoln Park Blvd/Walnut Plaisance road end at Lake Margrethe. (1999-2000 Budget)

Priority #3: Rebuild Old Lake Road from M-72 to M-93 within the scope of the multiuse pathways project (200-2001, 2001-2002 Budget with possible help from grants and special assessments.)

Priority #4: Rebuild Four Mile Road intersection with proposed new Industrial Street within scope of the Four Mile Road industrialization project. (2000-2001 and 2001-2002 fiscal year budgets with possible help from grants and special assessments.)

Consensus of the Board to forward the proposed priority list of road projects to the Road Commission for Crawford County for consideration under the new road commission policy.

10. REPORTS:

#### NOTICE OF PUBLIC HEARING

The Grayling Housing Commission will be holding two public hearings on its Agency Plan. This plan consists of two parts. The Annual Plan is a compilation of the Housing Commission's functional policies. The main policy is the Admissions and Continued Occupancy Policy. The Five-year Plan is a guide for Housing Commission activities in the future.

As these plans are constructed, the Housing Commission must allow public review of these policies and allow for comment. Therefore, as of November 1, 1999, the Agency Plan and its constituent plans will be available for public review at the Housing Commission's office, located at 308 Lawndale Drive. Before its regular scheduled meetings, on November 9th and December 14th, the Housing Commission will hold public hearings at 6 p.m. to 6:30 p.m. in order to receive any public comments on the plans.

### EATURES

#### For The Week Of November 7-13

#### March 21-April 20

Watch out for a person you thought was a true friend and confidant. In a matter at work, you may have to repeat yourself because you haven't been too clear. Try not to lose your patience: it won't look good to others.

#### **Taurus** April 21-May 21

Relationships with friends and neighbors may be strained. It's up to you to keep the lines of communication open and resolve any problems you can. Your key phrase this week is first things first. Keep it in mind as you get busy.

#### May 22-June 21

No one has the power to prevent you from reaching your goals. If someone tries to block you, change course. Attack your goals from a new direction, work on your self-confidence and you'll be on your way

#### Cancer June 22-July 22

This week, it's important that you listen to others. You tend to be more of a talker than a listener. It's important that you change your tune and open your ears. You won't be able to avoid upheaval at work for much longer.

#### July 23-August 23

Don't wait any longer. Schedule some time off now before it's too late to take a family day off. Beware of an acquaintance who may be up to no good. It might not be a good time to promote that relationship.

#### August 24-September 22

It's your week. Make the most of it. Enjoy some special attention from a very special person in your life. The attention will do a lot to boost your self-confidence. Why not plan something extra-special for you and a friend to celebrate?

#### Libra September 23-October 23

Others may have the facts wrong. Do what you can to pretend you haven't noticed. It's better to do that than get involved in a long. drawn-out argument over who's right and who's wrong. They will come around at a later date.

#### Scorpio October 24-November 22

You don't need other people's approval to accomplish your goals. You know your own strengths and weaknesses better than anyone else. Capitalize on those strengths. Then try to improve upon your

#### **Sagittarius** November 23-December 21

Use your tact and listen to both sides in an annoying dispute at work. It will soon become clear that neither side is all right or all wrong. Don't lose your patience: work with them to understand that the problem can be worked out.

#### Capricorn December 22-January 20

Your high hopes of a potentially romantic relationship may be premature. Don't let it get you down. It may be the relationship will work out in the end-it will just take more time than you have given it

#### **Aquarius** January 21-February 18

Discretion is very important when it comes to financial situations this week. Someone may be eavesdropping, which may ruin some opportunities for you. Breathe some fresh life into your routine. Go out for lunch with friends one day.

#### **Pisces** February 19-March 20

This may not be the week to make changes at home. What may seem like a great idea right now may lose steam and wind up not being such a great idea. Some financial concerns creep up this week. Face them head on.

#### For Entertainment Purposes Only

#### RECIPES OF THE WEEK

#### Rich and Creamy Cherry Chocolate **Hot Fudge Sauce Pudding Parfaits**

Makes about 3 cups 1 1/2 cups (12 fluid-ounce can) **Evaporated Milk** 1/2 cup granulated sugar 2 tbsp. butter or margarine 2 tbsp. light corn syrup 2 cups (12-ounce pkg.) semisweet chocolate morsels

2 tsp. vanilla extract

#### Directions:

Combine evaporated milk, sugar, butter and corn syrup in medium, heavy- duty saucepan. Bring to a boil over medium heat, stirring constantly. Reduce heat to low; cook, stirring constantly, for 3 minutes. Remove from heat. Stir in morsels and vanilla extract until thickened and smooth. Serve over ice cream.

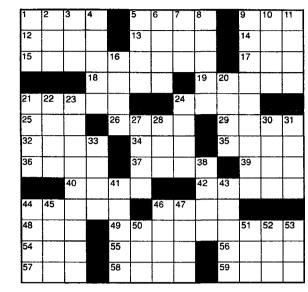

#### Serves 6 2 cups milk 1 pkg. (3.4 oz.) instant chocolate puddina mix 1 can (21 oz.) cherry fruit filling 1 cup prepared whipped topping additional whipped topping

#### optional Directions:

1. In a large mixing bowl, beat milk and pudding mix with a whisk or an electric mixer for 1-2 minutes or until blended. 2. Fold in 1 cup of fruit filling and 1 cup of whipped topping. Spoon 1/3 cup pudding mixture into each of six parfait glasses. Top each with equal amounts of remaining fruit filling and 1/3 cup pudding mixture. 3. Garnish with additional whipped topping, if desired.

HOME NEEDED - Cuddles is a 1 year old spayed female. She is housebroken, gentle and good with children. To adopt any of the pets available, stop by or give the Animal Shelter of Crawford County a call at 348-4117.
